

BOB MITSVEN SURFBOARDS

Super sympa, aimable, discret et toujours prêt à vous accueillir. Bob MITSVEN est un shaper incroyable et toutes ses planches sont réalisées à la main avec le moins de machines possibles. Il Commence le surf à l'âge de 11 ans à San Diego – Californie et shape sa première planche en 1972 et lance officiellement son label en 1988. Aujourd'hui avec plus de 40 ans de shape derrière

lui (et beaucoup de surfer heureux) il reste une des références du shape pour tout ce qui est Longboards, Big waves guns et planches hybrides à San Diego. Bob interagi beaucoup avec son ami et légendaire shaper Skip Frye !

MINISIMMONS

This is the mini Simmons of Bob Mitsven. The Mitsven simmons have a hull bottom from the nose to the half moon fins. You need to surf it very short for more pleasure. Exist in quad version for more reativity.

DH FISH

We asked Bob Mitsven to send us a couple twin keels with pulled in tails for maneuverability in tight spaces. He recommended his Derek Hynd template. The rails are slightly turned up, offering a delicious edge for strong bottom and top turns. These boards will work in a variety of conditions and will have you grinning when the waves are sub-par or straight firing!

DH FISH

This is a high performance quad shortboard with swallow tail great for all conditions. It's super maneuverable, fast, has lots of drive off the bottom, and is whitout the back fin drag of a tri-fin. If you are looking for a step up in performance from your quad fish, this is the board for you !

STEP UP

This is a straight forward high Step Up performance shortboard that can be ridden anywhere in the world. Tested and recommended for guys that rip !

SINGLE FIN

A model based on the classic single shapes that take over the lineup on mushy, summer days. The board has a roundpin tail, with enough width to maintain stability for the surfing naif. it's evolved into a really clean short board, that's dialed in for all-around waves

ROUND

The Round Tail Quad (RTQ) is a Mitsven original that rips ! It's a fish surfboard shape with a rounded tail making the board super fun, fast, easy to paddle, and smooth turning. Add Mitsven's distinctive rails and you have a fish that smokes the traditional swallow tail fish surfboard. Comes with a single concave down the middle and a quad fin setup for maximum speed

WING ROUND FIVE

This is the evolution in five fins with a small wing of the template of the RTQ. Always good but in 5 fins.

BONZER EGG

The B-tail quad has the speed and planing of a fish surfboard but is much more fluid and maneuverable as well as much better performing top to bottom on the face of the wave. The same for backside waves. This new model features a wider nose, relaxed rocker, a single to double concave bottom contour, and Mitsven's own rail style. The result is a super fast, user friendly board that performs better than your fish !

EGG

The egg of Bob Mitsven are beautiful, they are built for the speed avec their rail 'Skip Frye'. Perfect for found the right line on the wave and if you like carve on the rail. This board with his down rail keep lot of egde for more reactivity.

EVOLUTION EGG

A variant of the Egg Mitsven with a more width in nose and single fin. At the base for the Japanese market. This Egg is a design that you can enjoy a wide range from soft waves with soft outlines and somewhat boxy rails that are shaped with beautiful lines from wider nose to round pin tail in rounds.

MINI GLIDER

The mini Glider is a shorter version of the big GLIDERS of 10-12'. They keep all the fluidity and easily slide but with more accessibilty for a surfer who don't ride a big longboard. More shorter means more reactive and easy to turn when the wave are not so good.

MAGIC

The Magic models from Mitsven his him version of the legendary model MAGIC from Skip Frye. The Magic is a board from the Egg family but with a pin nose

GLIDER

Glider or Eagle Glider, is a 100% Pure Glider from San Diego directly inspired by that of his friend and workshop neighbor Mr Skip Frye.

FISH SIMMONS QUAD

Bob Mitsven's SIMMONS are great all-around boards. They'll get you through mushy days and perform on powerful down-the-line days. These boards are for the surfer that still wants to rip, but not sacrifice paddling float and glide. This board features a nice «R-Blank» rocker profile.

CLASSIC MODERN LOG

The name says it all. A modernized version of a square tail Log. Speed, Flow, and Versatility. 100% Hand shaped and glassed. It should be a illegal to get a longboard from master Bob Mitsven at this price!
